

Cromer Lifeboat Day

Bittern DX Group will be putting on a special event (GB2CLB) on the promenade on Sunday 5th August. Raynet members and their families are invited as always to help raise money for the RNLI. There will be plenty of activities on display as well as the radio show!

The event went off very well, with glorious weather all day. The temporary all weather lifeboat "Royal Shipwright" along with 2 inshore boats, and the air/sea rescue Sea King helicopter from Wattisham put on a superb display.
